Upon issuance of this permit, the applicant agrees to:

I(we), assume all responsibility for and will save the City of Kettering harmless from any and all claims or personal injuries and property damage arising from the above work; guaranteed by insurance in the amounts specified by the City.

I(we), further agree to comply with all provisions of Chapter 901 of the Codified Ordinances, Construction and Material Specifications, and Standard Construction Drawings of the City of Kettering including but not limited to the following special regulations:

- (A) Contact the Ohio Utilities Protection Service (O.U.P.S) at least 48 hours before you dig.
- (B) Lane Closures shall not occur before 9 AM or after 3 PM, unless approved by the City Traffic Engineer.
- (C) One lane traffic shall be maintained at all times on residential streets. A minimum of one lane in each direction shall be maintained at all times on thoroughfares.
- (D) The Ohio Manual of Uniform Traffic Control Devices shall be used as a minimum for traffic control. The Traffic Engineer shall approve contractor's traffic control plans.
- (E) All work performed shall comply with OSHA requirements. All sheeting and timber shall be removed during backfill unless otherwise directed by the Engineer.
- (F) Requests for inspections shall be made to the Engineering Department (937-296-2436) FOUR (4) HOURS prior to being needed between 8 a.m. and 4 p.m.

- (1) Trenches: a) Prior to backfilling with the backfill material at job site.  
b) Prior to placing final pavement surface

- (2) Sidewalks, Curbs, Drive Approaches and Pavement: Before concrete is placed, forms shall be in place prior to inspection.

THE CONTRACTOR IS RESPONSIBLE FOR THIS WORK UNTIL ONE YEAR AFTER ISSUED DATE.
